- ‘Dr Wadud is very clear and coherent, excellent teacher.’
- ‘Dr. Wadud is an exemplary lecturer who sets an impeccable pattern for dedication and professionalism.’
- ‘This unit has been excellent. Mokhtarul has done an excellent job during this difficult trimester.’
- ‘Mokhtarul is very passionate about the subject and that makes it easier to follow.’
- ‘Despite being a very challenging unit, Mokhtarul is extremely helpful and approachable especially during my exam preparation. He made me feel comfortable to ask questions in tutorials and is a very intelligent man.’

- ‘it’s been an absolute pleasure to have been taught by you throughout the last trimester. Your patience and teaching style made it much easier to understand and enjoy the content, and I doubt that many other teachers would be able to effectively replicate that.’
- ‘Definitely one of the best teachers I have had during my time at university. He was always welcoming and attentive when students required help - even responding to student emails incredibly quickly and always happy to organise an additional consultation session. His passion and enthusiasm for economics also motivates students to learn more and do better.’
- ‘Really loved the explanations of the mathematical concepts, was able to make them understandable and actually enjoyable to complete.’
- ‘Good presenter, very knowledgeable.’
- ‘What a lovely tutor! Clear presentation of materials.’
- ‘Mokhtarul goes above and beyond to help explain problems and questions. One of the most interactive, constructive and educational teachers I have come across as Deakin.’
- ‘Fantastic lecturer, very sincere and Shows a genuine Interest in the topic and students learning more broadly.’
- ‘Mokhtarul was able to provide clear advice, and was really patient going over the mathematical concepts, explaining everything step by step.’
- ‘Great guy. He always puts the time in and gives the students all the help they need.’

### **Teaching Philosophy (short statement):**

Adopting teaching as a matter of passion and not just as a mere professional commitment, my teaching philosophy is to maximise students’ learning outcome through deep learning that could have a lasting impact on their lives. I take care of the learning needs of the students (online or on-campus) interactively, creating a relaxed, tolerant and engaging environment; by always remaining accessible and responsive to students, taking into account their diverse interest, background and cognitive abilities. In this context, I provide students unceasing support to let them comprehend economic theories and applications with enhanced analytical skills for policy and practice.

### **Online Teaching:**

Have taught a number of subject online with effective learning outcome and high student satisfaction. Deakin University is one of the top online education providers of the world with well-developed online resources.

My online teaching involve:
