

Admission Schemes

S4.1 Educational Access Scheme: The Broadway Scheme

S4.1.1 The Broadway Scheme is designed to assist applicants who have experienced long term educational disadvantage to gain entry to the University.

S4.1.2 The scheme can assist current or previous candidates for NSW/ACT Year 12 and interstate equivalent programs attending high school or a TAFE college or overseas equivalent and who have suffered long-term educational disadvantage, or severe disadvantage during Years 11 and/or 12 or equivalent.

S4.1.3 The methods used for assessing long term educational disadvantage have been established and are reviewed in conjunction with the Universities Admissions Centre and other universities in NSW and the ACT. They may include (but not exclusively) adverse home environment, adverse, study conditions, chronic illness, or disability or personal trauma, disrupted schooling, English language problems, excessive family responsibilities, family disruption, financial hardship, geographical isolation or physical abuse.

S4.1.4 Applicants approved under the scheme are allowed to compete for admission with an ATAR or equivalent of up to five rank points below the course cut-off or equivalent.

S4.1.5 The Broadway Scheme is not available:

S4.1.5.1 To applicants who have a record of tertiary studies; or

S4.1.5.2 To full-fee paying international applicants; or

S4.1.5.3 For entry to local fee paying courses.

S4.2 Cadigal Program

The Cadigal Program is guided by the principle that improving Aboriginal and Torres Strait Islander (ATSI) participation in higher education is not simply a matter of opening the doors. It is dependent on the provision of appropriate support to students entering courses under special admission arrangements. It takes into account the educational disadvantage experienced by ATSI people. It aims to address such disadvantage by providing preparatory studies for ATSI people wishing to undertake degree level study, the option to undertake the first year of study on a reduced load, and the opportunity to participate in an on-going support program.

In addition to the avenues currently available to all students seeking entry into University courses, special provisions are proposed for ATSI people seeking admission to University courses under the following categories:

S4.2.1 HSC applicants - completion of the NSW Higher School Certificate (or equivalent):

(a) with the minimum ATAR as set by the Cadigal Program for the course applied for; or

(b) after demonstrating, to the satisfaction of the Dean, the capacity to succeed in coursework at University level. Selection of applicants will be based on application and academic assessment.

S4.2.2 Mature age applicants - must be 21 years or over. These applicants will be eligible for consideration for admission upon meeting one or more of the following requirements:

- S4.2.2.1 Completion of an approved tertiary preparation course relevant to the course of study applied for;
- S4.2.2.2 Completion or partial completion of an accredited course at a tertiary institution; or
- S4.2.2.3 Demonstration of, to the satisfaction of the Dean, the capacity to succeed in course work at University level.

Selection of applicants will be based on application and academic assessment. Under this Program it is proposed that up to 5% of University places will be made available to suitable ATSI applicants.

S4.2.3 Where reasonable, a Dean may, for a maximum period of one year, place requirements and restrictions on the enrolment of a student offered a place under S4.2, including:

- (a) requiring a student to complete a unit or units of study within a specified time;
- (b) prohibiting enrolment by the student in a unit or units of study;
- (c) restricting the maximum unit of study load in which a student may be enrolled.

S4.3 Conditional Early Offers Scheme

S4.3.1 The Conditional Early Offers Scheme is designed to enable the University to identify prior to the NSW Higher School Certificate (or equivalent) students of promise who have suffered educational disadvantage and who may benefit from early engagement with the University and additional support.

S4.3.2 The methods used for assessing education disadvantage will be the same as those used in S 4.1.3.

S4.3.3 The criteria used for assessing early promise will be one or more of:

- S4.3.3.1 evidence provided by the Principal of the School;
- S4.3.3.2 performance in the Record of School Achievement (ROSA);
- S4.3.3.3 performance in a test approved by the Academic Board;
- S4.3.3.4 other measures of promise approved by the Academic Board, such as interview or portfolio.

S4.3.4 Students who are offered a conditional place under this scheme will be required to meet a minimum ATAR determined by the Dean, taking account of the eligibility score for the course in which the place is offered and to maintain the level of performance in the criteria listed in 4.3.3 that had been achieved when the offer was made.

S4.3.5 Conditional Early Offers may be made to students at the end of year 10, or during years 11 and 12.

S4.3.6 Schemes for assessing students under S.4.3.3 must be approved by the Academic Board.

The panel will also include the Dean of the Faculty or nominee and one other Faculty representative nominated by the Dean. The Panel will be supported and serviced by the Manager, Widening Participation.

The Assessment Panel will make recommendations to the Dean of students who meet the eligibility and selection criteria for a conditional offer in the student's nominated degree program.

- S4.3A.7.1 nominate the University of Sydney and the identified course as their first preference; and

S4.5 Elite Athletes or Performers

S4.5.1 Preamble

Elite athletes or performers who believe that their training, competitive or performance commitments have affected their HSC preparation may apply for special consideration under the Elite Athletes or Performers Scheme. Applicants eligible for consideration under more than one special admission scheme will not be granted a concession of more than five ATAR points in total.

Approval under this scheme does not guarantee admission but allows applicants, who have been assessed as being “elite” and can demonstrate sporting or performance commitments have impeded their HSC performance, to compete for a place with an ATAR of up to five ranks below the reported Commonwealth-supported course cut-off or equivalent for the year of admission.

Assessment of elite status will be undertaken by the Elite Athletes Assessment Panel for athletes and by the Elite Performers Assessment Panel for performer applicants, normally prior to the publication of HSC results for Semester One offers. Determination of whether individual applications qualify as elite for the purposes of this scheme will be made in line with the criteria set by the Assessment Panels from time to time.

Applicants deemed to be of elite status by the Elite Athlete or Elite Performers Assessment Panel will be considered for admission by the relevant faculty. Qualifying as an Elite Athlete or Performer under this scheme does not constitute an offer for admission to the University.

S4.5.2 Application for Special Consideration as an Elite Athlete or Performer

S4.5.2.1 Persons wishing to apply for special consideration as an elite athlete or performer must apply to the Admissions Office by completing the application form available from the University website or Admissions Office. Applications close on the last day of business in October of each year.
