Bachelor of Advanced Studies

If you want to enhance your undergraduate degree, the combined Bachelor of Advanced Studies will help to set you apart when you enter the competitive job market.

Through an additional year of study, you will graduate with two degrees, extend your knowledge, develop specialist skills and pursue your passions. You can choose from two distinct pathways:

Coursework: Build your leadership, critical thinking and problem-solving skills through advanced coursework combined with project-based units such as Applied Psychology in the Workplace, and Experimental Design and Data Analysis.

Honours: Pursue your interests through honours and open up further research opportunities.

The Bachelor of Advanced Studies can be taken in combination with a range of degrees. Learn more:
