

Will you be commencing the final year of your degree in 2022?

2022 Major Industrial Project Placement Scheme Scholarship (MIPPS)

Applications are now open for this unique program offering a **6-month industry placement from January-July 2022**, working on a high-level supervised project with an industry partner.

Apply now to have the opportunity to work with companies such as AB Mauri, Central NSW Joint Organisation (CNSWJO), Defugo/Separtis, DuPont Memcor, Griffith City Council, Opal., Orange City Council, Orica, Parkes Shire Council, Shoalhaven City Council, Sydney Water, Trility Group, Visy Pulp & Paper and many more organisations.

How much is the scholarship?

All MIPPS participants will receive a [MIPPS Scholarship](#) valued at **\$19,000 each** (paid over the period of the placement).

Eligibility and academic pre-requisites

- You need to be commencing your final year (or equivalent) in 2022 and enrolling in Thesis A & B (CHNG4811 and CHNG4812) or Capstone Projects A & B (CHNG5020 and CHNG5021) or Dissertation A & B (CHNG5222 and CHNG5223).
- You must have a strong academic record, and an approach to your work and responsibilities which indicate that you have the potential to graduate with First Class Honours or equivalent, and a strong commitment to driver and personal safety.
- Combined degree students can be accommodated but must have completed all 3rd year Chemical Engineering units of study.
- MPE students will have completed 96 credit points, including credit.

Additional information

- Successful students will have all first semester units replaced by a 6-month full-time placement in industry, which satisfies the 60-day work experience requirement for your degree.
- All MIPPS students will be supported by an academic associate supervisor from the School throughout the time of the placement.
- This placement will be covered by units CHNG4203/CHNG5205 (24 credit points) to ensure that your placement does not extend the time of your degree.

How to apply

Complete this application form [MIPPS 2022 Application](#) and attach the requested documents by **Friday 27 August 2021**. Successful candidates will be invited for an interview in late-September 2021.

Please read and understand the [Student Guidelines](#) before submitting your application.

Important information

For out of Sydney locations industry partners will cover travel expenses and provide living-away assistance. The School will allocate successful students to industry partners. We will take into consideration students' preferences and other relevant criteria. The School will make the final decision. In applying, you then agree to accept the allocation which will eventually be offered. While some industry partners' representatives may assist with interviews, they will have no voice in these allocations. In the light of industry partner preferences, the School reserves the right to limit the number of places for students who cannot consider offers of eventual employment with an industry partner. There is no obligation to accept any offer.
