

1. Cut the outside square along the dotted lines
2. Turn the paper so the picture side is face down
3. Fold the outside corners into the middle, then turn the new square over (the foods should now be facing up)
4. Fold the new corners into the middle (the numbers should now be facing up)
5. Fold then unfold in half horizontally, then do the same vertically
6. Turn the chatterbox over and push your fingers under the flaps, carefully pushing the corners away from you (the centre should come towards you)
