

A Veterinary Clinical Residency position is currently available at the University Veterinary Teaching Hospital

The Sydney School of Veterinary Science is currently recruiting for a specialty resident in the following field, commencing in March 2022:

- Small Animal Medicine

This three-year, full-time program will enable the successful applicant to fulfil the credentialing requirements for specialisation for specialist examination by the European College of Veterinary Internal Medicine (ECVIM) and the Australian and New Zealand College of Veterinary Scientists. The residency is directly supervised by board-certified specialists. This program requires completion of concurrent Masters degrees in coursework and research. A tax-free stipend of \$44,000 pa is available for the most outstanding applicant.

The closing date for applications is Monday **7 March 2022**.
Interviews will occur shortly afterwards.

Applications are restricted to veterinarians with a degree registerable in New South Wales. Candidates must have an Honours degree or equivalent as well as Australian citizenship or Australian permanent residency.

Applicants must have completed a rotating internship or have equivalent clinical experience in practice.

To apply, please submit an application form and any relevant documentation, as well as two referee reports via email to vetsci.education@sydney.edu.au.
