Notes: * Denotes Core Subjects for all degree levels (Graduate Certificate, Graduate Diploma, Masters)

The above timetable is indicative only and is subject to change. All students should consult their official timetable once enrolled.

All times and dates are shown in Australian Eastern Standard Time (AEST) please take into consideration daylight saving times.

Online remote enrolled students are encouraged to attend classes live via zoom, however Recording of All lecture material will be provided shortly after class via the universities learning management system (LMS)

Practice, tutorial and simulation experiences require attendance and live and online interaction. Alternate times may be provided, where possible, to support students in disparate time zones.

Where there are a number of enrollments from a particular or similar time zone other than AEST, effort will be made to provide alternative tutorial and practice group times more suitable for those students.

Students should consider carefully any differences in time zone and their capacity to attend classes and related activities, given the above information.
