

Sydney Mass Spectrometry

The University of Sydney Price List

- Registration (inc. training)
 - Mass Spectrometry \$550
- Bench Fees
 - Instrument time \$10/hr
- Consumables
 - ZipTips \$250/box
 - ABGene 96 well plates \$7.50
 - PCR strips (8 tubes) inc seal \$2
 - Indium Tin Oxide Slides \$15
 - Glass Vials (box of 100) \$135
- Service Research
 - Project delivery \$6,000/two weeks
- Contract Research
 - MALDI TOF Analysis (inc Peptide Mass Fingerprinting, Deuteration and Intact Protein Mass) \$85/sample
 - 1D LCMS (protein identification in simple mixtures or intact protein mass) \$130/sample
 - Mass Spec Imaging (lipids) \$500/slide
 - Mass Spec Imaging (peptides) \$750/slide
 - Plasma Targeted Metabolomics \$130/sample
 - Label-Free Proteomics \$300/sample
 - Label-Based Proteomics \$750/sample
- Please contact us for details on other assays inc. PFAS, SCFA and lipidomics .
- Not USyd? See next page for external rates.

Sydney Mass Spectrometry

External (Academic) Price List

- Registration (inc. training)
 - Mass Spectrometry \$550
- Bench Fees
 - Instrument time \$30/hr
- Consumables
 - ZipTips \$250/box
 - ABGene 96 well plates \$7.50
 - PCR strips (8 tubes) inc seal \$2
 - Indium Tin Oxide Slides \$15
 - Glass Vials (box of 100) \$135
- Service Research
 - Project delivery \$8,250/two weeks
- Contract Research
 - MALDI TOF Analysis (inc. Peptide Mass Fingerprinting and Intact Protein Mass) \$130/sample
 - 1D LCMS (protein identification in simple mixtures or intact protein mass) \$195/sample
 - Plasma Targeted Metabolomics \$195/sample
 - Label-Free Proteomics \$450/sample
 - Label-Based Proteomics \$1125/sample
- Please contact us for details on other assays inc. PFAS, SCFA and lipidomics .
- Commercial? See next page for external rates.

Sydney Mass Spectrometry

External (Commercial) Price List

- Registration (inc. training)
 - Mass Spectrometry \$550
- Bench Fees
 - Instrument time \$50/hr
- Consumables
 - ZipTips \$250/box
 - ABGene 96 well plates \$7.50
 - PCR strips (8 tubes) inc seal \$2
 - Indium Tin Oxide Slides \$15
 - Glass Vials (box of 100) \$135
- Service Research
 - Project delivery \$12,000/two weeks
- Contract Research
 - MALDI TOF Analysis (inc Peptide Mass Fingerprinting and Intact Protein Mass) \$190/sample
 - 1D LCMS (protein identification in simple mixtures or intact protein mass) \$260/sample
 - Plasma Targeted Metabolomics \$260/sample
 - Label-Free Proteomics \$600/sample
 - Label-Based Proteomics \$1500/sample
- Please contact us for details on other assays inc. PFAS, SCFA and lipidomics .
- Commercial? See next page for external rates.
