Assessment Process

All applications are to be submitted online, and a receipt of application will be sent to confirm it has been accepted. All applications will then initially be assessed to ensure they meet the base eligibility criteria prior to proceeding to the two-stage assessment process.

Stage 1

Applications will firstly be shortlisted by a selection panel comprising the Sydney College of the Arts Director or their nominated delegate, and a practising professional artist plus a recognised art critic, gallery director, arts worker, curator or member of an established arts and cultural organisation external to the University of Sydney.

Stage 2

The selection panel will view the shortlisted applicant's work installed as part of the accompanying Fauvette Loureiro Memorial Scholarship exhibition. This work will be assessed alongside the application, to make the final determination for the allocation of the emerging and mid-career/established scholarships.
