

School of Chemical Engineering Prize for First Year Environmental Engineering

Terms and Conditions

1. Background

- a. The First Year Environmental Engineering Prize is awarded to the first-year student from the School of Chemical and Biomolecular Engineering who achieved the highest annual average mark (AAM) in the Bachelor of Engineering Honours (Environmental Engineering) degree.
- b. This award is funded by School of Chemical and Biomolecular Engineering.

2. Eligibility Criteria

- a. Students must have been enrolled in the first year of the Bachelor of Engineering Honours (Environmental Engineering) degree in the previous calendar year.
- b. Student must have attempted and passed 48 credit points in the previous calendar year.

3. Selection Criteria

- a. The award will be awarded to the eligible student with the highest annual average mark (AAM) in the previous calendar year.
- b. The award will be awarded by the Head of School, School of Chemical and Biomolecular Engineering, or their nominated delegate(s).

4. Value

- a. This award has a value of \$100 and will be paid as a one-off payment.
- b. If more than one student is of equal merit, the value of the award will be equally shared by the recipients.
- c. No other amount is payable.
- d. The award will be awarded subject to the availability of funds.

5. Termination

- a. The University reserves the right to withdraw the award, if the University determines that the student is guilty of serious misconduct, including, but not limited to, having provided false or misleading information that has a relationship to the awarding of this award.
- b. Once withdrawn the award will not be reinstated unless due to University error.
