

Appendix to Sydney Scholars India Scholarships Scheme

COVID-19 temporary amendment to scholarship terms and conditions for Semester 2, 2020

The University recognises that some international students may be unable to comply with the scholarship terms and conditions due to travel restrictions arising from the COVID-19 global pandemic, particularly terms requiring face-to-face learning in Australia and full-time study loads (**Affected Students**).

Accordingly, the scholarship terms and conditions will be temporarily varied for Affected Students (both new applicants and existing scholarship holders) for [studies undertaken in Semester 2, 2020] to permit:

1. learning to be undertaken remotely and online; and
2. part-time study for remote and online learning, provided the award does not exceed AUD\$19,000 and the student enrolls in a minimum of 2 units of study in Semester 2.

If Affected Students are unable to receive scholarship payments into an Australian bank account, the University will make payments into their student fee account on or before the relevant census date.

The variation of the terms and conditions applies for studies undertaken in Semester 2, 2020 only. All other terms and conditions are unaltered and will continue to apply. The University will consider an extension if travel restrictions are not relaxed in 2021.

For further information about the University's coronavirus response and information about studying online as an international student, visit our website
