

## Future Leaders Scheme

### 2021 Course List

The Future Leaders Scheme is for **nominated** School Captains and Dux students at high schools in Australia. It offers these students admission to eligible courses with a lower ATAR requirement than the published guaranteed ATAR, in recognition of leadership and academic achievements. Below is a guide to the courses available through this scheme. Please check the eligibility requirements for the course you are interested in, as all prerequisites and additional criteria will still apply.

\*ATAR scores marked with an asterisk are not guaranteed and are an indicative score for what you need for admission in 2021.

\*\*Quota Courses. These courses have places set aside for Future Leaders below the normal cut-off. If you choose a quota course, you will also need a back-up option that is not a quota course to be guaranteed a place at the University of Sydney.
