

# 2022 ADMISSIONS GUIDE

## (FOR DOMESTIC STUDENTS)

Below is a guide to the Australian Tertiary Admission Ranks (ATAR) for admission in 2022. We offer Guaranteed Entry for most courses and list a guaranteed selection rank – ATAR + adjustment factors. Guaranteed Entry to a course is subject to meeting other essential admission criteria and the availability of places. Selection ranks listed with an asterisk are indicative and not Guaranteed Entry. These courses have additional admission criteria and/or limited places.

Equivalent International Baccalaureate (IB) diploma scores are also listed as a guide. IB scores are converted to an ATAR equivalent rank with eligible adjustment factors applied thereafter.

Separate scores apply for our admission pathways. Visit [sydney.edu.au/admission-pathways](https://sydney.edu.au/admission-pathways)

All published scores are correct at the time of print and subject to change. For the most up-to-date information on ATARs, visit

# TABLE NOTES

Please note that the admission criteria published in the course tables and 2022 Admissions Guide are a guide and will not necessarily result in an offer of a place for all courses. The scores listed in the course tables and 2022 Admissions Guide are correct at the time of print and may be subject to change.

## Selection ranks and Guaranteed Entry

For all eligible courses, we list a selection rank (ATAR + adjustment factors) with Guaranteed Entry for admission in the specified year for most courses. Admission to all courses is subject to meeting the selection rank plus other essential admission criteria (e.g. prerequisites) and availability of places. Selection ranks marked with an asterisk (\*) are indicative and not Guaranteed Entry as these courses have additional admission criteria and/or may have a limited number of places.

Adjustment factors are used to increase your selection rank based on factors such as your performance in HSC subjects, the location of your school, or your eligibility for Educational Access Schemes. Selection rank adjustments don't change your ATAR. They change your selection rank for a particular course at a particular institution. If you are not eligible for adjustment factors, your selection rank is your ATAR.

## IB Diploma

The IB diploma scores listed are a guide based on an ATAR equivalent conversion and subject to change. IB applicants are also eligible for adjustment factors but adjustment factors are not added to an applicant's IB score. IB scores are converted to an ATAR equivalent rank with eligible adjustment factors applied thereafter.

This is not a comprehensive list of secondary education (Year 12 or high school) qualifications accepted by the University. For a full list, visit

## Key to the tables

### ▲ Additional admission criteria

Combination of selection rank (or equivalent score) plus additional admission criteria (eg, portfolio, audition, interview). Check the details for your specific course at

– [sydney.edu.au/courses](https://sydney.edu.au/courses)

### na

Not applicable as an admission score cannot be applied.

### ‡ Mathematics course prerequisites

Mathematics prerequisites apply to domestic students applying for admission to impacted courses (see our website for a full list).

Aboriginal and Torres Strait Islander applicants applying through the Gadigal Program who do not meet the prerequisites may be admitted if they submit sufficient proof of mathematics ability as assessed by the University.

Visit our website to find out more about the mathematics prerequisites, including equivalent requirements for other qualifications and options available if you have not studied mathematics.
