#foodgovernance2024
Welcome

On behalf of Sydney Law School and the Charles Perkins Centre, we would like to warmly welcome you to the 2024 Food Governance Conference.

The Camperdown Campus of the University of Sydney is situated on the ancestral lands of the Gadigal people of the Eora Nation, and we would like to acknowledge and pay our respects to the traditional owners of the land on which this Conference is being held. We hope that those of you who are visiting will enjoy exploring the University’s campus and its historic buildings. The Campus is also located close to the CBD, which offers the opportunity to discover Sydney’s many wonderful attractions.

The Food Governance Conference is a collaborative endeavour between Sydney Law School and the Charles Perkins Centre, the University’s dedicated institute for easing the global burden of obesity, diabetes, cardiovascular disease and related conditions. First held in 2016, the Conference explores the role of law, regulation and policy in addressing food system challenges such as food security, safety, and sustainability, equity and social justice in global food systems, malnutrition in all its forms, and diet-related disease.

The 2024 Conference has a strong focus on solutions for food governance problems, highlights Indigenous voices in food governance, and examines how we can rethink food systems and policy to prioritise public health. Speakers will share exciting ideas, advocacy and research that moves the dial on food governance issues at the local, national, regional, and global levels, and examine how best to overcome technical, legal, and political issues within the food policy space.

The conference will explore issues such as the promotion of healthier diets via food policy and governance, Indigenous Peoples food system governance, equity and social justice in food systems, food security, and sustainability, and commercial determinants of health, and aims to create new opportunities for collaboration between researchers, policymakers, and practitioners working in all aspects of food governance.

In addition to the contributions of the Law School and the Charles Perkins Centre, we are grateful for the sponsorship provided by the Global Center for Legal Innovation on Food Environments at the O’Neill Institute for National and Global Health Law and the George Institute for Global Health.

We trust that you will enjoy the diverse and innovative Conference program and thank you for joining us at the 2024 Food Governance Conference at the University of Sydney.

If possible, please remember your reusable water bottles and/or coffee cups to reduce our environmental impact.
Internet access
Set out below are the login details to access the Sydney Law School WiFi network.

WiFi Instructions
Step 1: Enable wireless on your device and select the network UniSydney-Guest
Step 2: Open your browser. You will be automatically directed to a login page
Step 3: Enter username and password – available at the conference.

Mobile phones
As a courtesy to your fellow delegates and speakers, please ensure that your phone is switched off or on silent during all conference sessions.

COVID information
Please follow precautions to reduce the spread of illness, and do not attend the conference if you are unwell or have been in contact with a confirmed case of COVID-19. Face masks and hand sanitiser will be available from the reception desk.

Parents room
We will have a room available for parents who need to bring their infants with them to the conference. Note: this is not a “parents room” as such facilities are not available in the Law Building, but we will have a teaching room designated for use. There will be tables and chairs, but no proper change tables, etc.

Baggage room
We will have a room available at the reception desk for storing luggage throughout the conference. The reception desk will be attended at all times, providing a secure location for your baggage if you require it.

Photography and video
Photographs and video footage taken during the conference will be used by The University of Sydney for marketing and publicity purposes.

If you do not wish to have your image used, please advise staff at the registration desk. Please respect presenters who state they do not want their slides photographed.
