[Submit your poster EOI](#) by **5:00pm (AEDT) Monday, 2 November 2026**.

Successful submissions will be notified by Wednesday, 4 November 2026.

Specifications

If selected, please create your poster to the following specifications.

Size: A1 - 594mm x 841mm (23.4" × 33.1")

Layout: Portrait

File format: High-quality PDF (min 300dpi resolution for images)

Selected submissions: successful submissions will be required to send a PDF of their poster to sseac@sydney.edu.au by Wednesday, 10 November 2026

A prize will be awarded for the most engaging poster!

Tips for preparing your poster

Think of your poster as a visual pitch for your ideas or findings. Focus on the most important message and let graphs and figures tell the story as much as possible.

Title: Use a simple, engaging title that is easy to read from a distance. Avoid complex wording; if needed, include the full project title in the poster body.

Layout: Use boxes, columns or headings to create a clear, logical flow, and leave enough white space between elements.

Graphics: Avoid overcrowding your poster with text. Use well-labelled graphs, figures or schematics to explain your key points.

Key takeaways: Consider including a brief conclusion or key takeaways section at the bottom of your poster.

Correspondence: Include the corresponding author's name and contact details. If space allows, add collaborators, partner organisations or a QR code linking to your research.
