

# Masters of Medicine (Ophthalmic Science)

(48 credit points)

## Compulsory Units (36 credit points)

OPSC 5001 Ophthalmic Anatomy  
(S1)

OPSC 5002 Ophthalmic  
Physiology  
(S1 + S2)

OPSC 5004 Practical  
Ophthalmic Science  
(S1 + S2)

OPSC 5003 Ophthalmic Optics  
(S1 + S2)

OPSC 5005 Treatise  
(S1)

OPSC 5005 Treatise  
(S2)

## Stream Specific Units (9 credit points)

\* OPSC5036  
Practical Oculoplastic Surgery  
(S1 + S2)

\*A Students undertaking this unit of study must have advanced specialty training with RANZCO qualifications or equivalent. Consideration will be given to RACS and dermatology advance trainees.

P OPSC5001 and OPSC5002 and OPSC5034

C OPSC5035

Note: Department permission required for enrolment

Students should contact the discipline directly for permission to enrol. The PG Coordinator will email Student Services to notify them of students who have permission.

A: Assumed knowledge P: Prerequisites C: Corequisites N: Prohibition

Key:

S1 = Semester 1

S2 = Semester 2

# Masters of Science in Medicine (Ophthalmic Science) (48 credit points)

## Compulsory Units (36 credit points)

OPSC 5001 Ophthalmic Anatomy  
(S1)

OPSC 5002 Ophthalmic  
Physiology  
(S1 + S2)

OPSC 5004 Practical  
Ophthalmic Science  
(S1 + S2)

OPSC 5003 Ophthalmic Optics  
(S1 + S2)

OPSC 5005 Treatise  
(S1)

OPSC 5005 Treatise  
(S2)
