The University's commitment to a safe and respectful environment

Our University has been and remains committed to providing a safe and respectful environment for all our students. An ethos of consent is integral to that environment. In recognition of the additional distress that the current heightened media coverage of sexual misconduct may cause, the University would like to reiterate our commitment to fostering a safe and inclusive environment and remind you of available support.

For more information and support, you can visit our [Sexual Misconduct pages](#) and access our [Consent Matters module](#) in Canvas. If you need specialist support, you can contact the Safer Communities Office by phone +61 8627 6808 or email safer-communities.officer@sydney.edu.au.
