

HDR scholarship extension for doctoral students

Please complete and scan this form and send it to: hdrac.scholarships@sydney.edu.au

IMPORTANT INFORMATION

Important notice - COVID-19

In response to the COVID-19 pandemic, the University will ensure that all HDR students receiving centrally funded scholarships (RTP, University of Sydney International Strategic, UPA, Merit Award and VCRS Supplementary) receive a guaranteed extension to the maximum term permitted under the terms and conditions of the stipend, subject to the student meeting progress requirements. To arrange a COVID-19 extension, complete sections 1 and 2 of this form and return to hdrac.scholarships@sydney.edu.au. Sections 3 and 4 do not need to be completed.

Please check your scholarship offer letter and/or the conditions of the award of your scholarship to see whether it is possible to apply for an extension (usually a maximum of up to six months or two Research Periods, and is applicable for doctoral candidates only). Please complete this form for large scheme scholarships administered by the University including RTP (Local), UPA, RTP (International), USydis, NHMRC and Gritton. It can also be used for Faculty or industry funded stipends where the conditions of award permit extension.

If the funding provider is your Supervisor, Faculty, or an external body and they have approved an extension that was not initially mentioned in the conditions of the award, please ask them to email hdrac.scholarships@sydney.edu.au and advise of this.

Approval of any scholarship extension is subject to your satisfactory progress. An extension request must be justified by describing delays to research that are beyond the control of the student and not of a personal nature. (see SECTION 2 below)

Applications for extension should be lodged **two months** before your scholarship is due to end. If your application is received less than two months before your scholarship is due to end, there is a risk of disruption to your stipend payments. Please ensure that the form has been signed off by both your supervisor and the Head of your department/school before submission.

For International students supported by both a stipend and tuition fee scholarship, extensions to your stipend are processed in line with your tuition fees scholarship. For schemes such as the RTP (International), the university covers your tuition fees for 3 years (plus an extension for up to two research periods if applicable). This means that the maximum tenure of your tuition fee scholarship is 14 research periods. As a result, your stipend scholarship will be terminated automatically on the last day of your tuition fee scholarship. i.e. the last day of the respective research period.

Incomplete or unsigned forms will not be accepted
