5 Payment calculation

(1) Payments are intended to be equivalent to a temporary acceleration of a salary increment.

(2) Payments are:
   (a) calculated using a staff member’s base salary and conditions as at the time of the payment and do not take into consideration paid or unpaid leave taken during the review period;
   (b) paid as a non-superable lump-sum through payroll; and
   (c) pro-rated for staff members in a part-time position at the conclusion of the review period.

Note: Employer superannuation contributions will be made if required to meet the minimum employer contribution requirements of the Superannuation Guarantee (Administration) Act 1992 (Cth).

(3) Payments for staff members on secondment will be calculated on the basis of:
   (a) the base salary of the secondment role if:
      (i) the secondment duration is six months or greater; and
      (ii) the staff member is in the secondment role at the conclusion of the review period; or
   (b) the substantive role in all other circumstances.

(4) The calculation methodology is:
   (a) for staff on Enterprise Agreement rates, the difference in annual base salary between the staff member’s current classification and step and the next available classification and step;

   Note: An example is the difference in salary between HEO 2 Step 1 and HEO 2 Step 2.

   (b) for staff paid an agreed rate above the Enterprise Agreement rates, the payment will be calculated using the top step of the classification for their role and the next available classification and step. All other terms and conditions for the payment remain the same.

   Note: Refer to Schedule 1 of the Enterprise Agreement: Professional Staff - Annual Rates.

(5) Where a staff member is working in multiple roles their payment will be calculated on the pro-rated base salary for the eligible role, i.e. the role in which they were assessed as ‘outstanding’ or ‘far exceeded expectations’.

(6) Where a faculty, University school or professional services unit does not have a defined performance assessment period, the staff member’s anniversary date will be used for payment calculations.
