PART 3: STUDYING AND ASSESSMENT

11 Attendance

(1) Students are required to be in attendance at the correct time and place of any formal or informal examinations. Non attendance on any grounds insufficient to claim special consideration will result in the forfeiture of marks associated with the assessment. Participation in a minimum number of assessment items may be included in the requirements specified for a unit of study.

(2) Students are expected to attend a minimum of 90 per cent of timetabled activities for a unit of study, unless granted exemption by the Associate Dean (Education) or relevant delegate. The Associate Dean (Education) may determine that a student fails a unit of study because of inadequate attendance. Alternatively, at their discretion, they may set additional assessment items where attendance is lower than 90 per cent.

(3) In additional to the rule above, full (100 per cent) and punctual attendance is a requirement in all activities where a student is an active participant in the class or activity. Active participation includes situations where a student’s contribution is to perform, rehearse or direct rehearsals in a small or large ensemble, or to give seminar or tutorial papers or presentations or undertake assessment tasks. Active participation also includes all one-to-one studio teaching and supervision. Except in cases of special consideration, failure to attend activities or classes where a student is an active participant will be seen as failure to meet the requirements of the unit of study.

12 Special consideration for illness, injury or misadventure

Special consideration is a process that affords equal opportunity to students who have experienced circumstances that adversely impact their ability to adequately complete an assessment task in a unit of study, as determined by the Coursework Policy.

Retrospective approval for Professional Activity Leave shall be granted only in exceptional circumstances. A student who is granted Professional Activity Leave shall be required to make up any work required during the period of Professional Activity Leave, other than attendance at lectures, tutorials and other requirements during that period.
14 Re-assessment

(1) In this School re-assessment is offered to students whose performance is in the prescribed range and circumstances.

(2) Students who have failed the examination but have a good record in other assessments in a unit of study which is based on cumulative assessment may be offered a supplementary examination. The grade awarded for a unit of study in this circumstance will be no higher than a Pass.

(3) Students who have successfully requested Special Consideration may be allowed to sit the exam or submit the required work at a negotiated date that should not be longer than the period of incapacitation and in any case not longer than 3 months after the original examination or submission date. After this time the student will be considered to have discontinued with permission. Marks will be awarded at full value for further examination where special consideration is approved.
